9. Course overview:

The aim of this course is to make the students discuss and have debate academically. This will assist them to have group discussion in and outside the classroom. Students usually find it difficult to talk and use academic words in their talks. Therefore, this subject is an attempt to help them overcome the problem giving a talk and having discussions.

10-Course objective:

1. Students will be able to give and present seminars and presentations with and without power-point.
2. Students will be able to open group discussion and have debate in academic ways.
3. Students will be able to think critically and give constructive feedback and comments

11. Student's obligation
